

MOBS BEAT MANY RAIL EMPLOYEES

Roundhouse in California, Attacked by Armed Men

WORKERS GO TO HOSPITAL

Violence is Deplored by Union Strike Headquarters

FOVABLE, Calif. — (Associated Press) — Numerous strikebreakers and guards were injured, several seriously, and one perhaps fatally when about 75 men, speeding into town early today in automobiles, charged the Western Pacific roundhouse here. The attacking party then moved on.

Four guards were missing and were to have been 11. One of the assailants was taken.

They fired about fifty shots, but apparently aimed them only at the doors of the roundhouse. All of the injured had been cuffed, none had been shot. Several were removed to hospitals. Tom Wilkins, the trainmaster, was beaten over the head, suffering a possible fracture of the skull.

ROUNDHOUSE DAMAGED

Reports indicated there was no resistance. The roundhouse was badly damaged. Residents of Fovable and they counted 13 automobiles. Donald Stevenson was severely beaten and taken to a mile away and there stripped of his clothes. He was found in a serious condition and removed to a hospital. Masked men appeared at the roundhouse without warning and the guards and employees were overwhelmed and beaten, were forced into the open. They fled in every direction. In a short time the assailants had completed their work and left town.

WORKMEN SEIZED

DENISON, Tex. — (Associated Press) — Two imported workmen were seized early today by a band of men and taken to the Red River, five miles north of here, where they were detained and told to leave Texas. They were seized when they alighted from a northbound M. K. & T. train. The other men escaped the band and are being sought for.

This was said to be the first report of the spread of intention of union leaders to prevent any strike-breaker from arriving in Denison. The announcement of this stand brought word from United States Marshal Phil Baer at Paris, Texas, that arrangements had been made for a number of deputies to come here. Hundreds of men congregated at the M. K. & T. station today. They began gathering late last night at the station.

Striking shopmen closely guarded every entrance to the Katy car shops, roundhouses and other plants. Picketers went on duty as far out as three miles from Denison. Some of the men were reported to have shot guns, rifles, knives and pistols. TRAINMEN PROTEST

DENISON, Tex. — (Associated Press) — A joint meeting of engineers, firemen, conductors and trainmen unions of Denison had been called for this afternoon to consider a statement work on trains into Denison. It was announced this morning. The conference was called by union leaders they said, as a result of reports that trains are being operated that are badly disabled and dangerous to workers and passengers.

VIOLENCE DEPLORED

CHICAGO — (Associated Press) — Union headquarters of the striking trainmen issued a statement today deploring violence in connection with the walkout and declaring that the organized union strikers were conducting "an orderly, well disciplined strike."

The statement blamed any lawlessness on irresponsible persons, aggravated by the presence of troops, railroad "gunmen" and United States marshals. The strikers sought support of public officials and the press in preserving law and order, the statement said.

WOMAN IS KILLED

UNIONTOWN, Pa. — (Associated Press) — Mrs. Joseph Lacey, wife of a striking coal miner, was shot and killed while picking berries on a farm near Revere, Fayette county here yesterday, according to word received here today by Sheriff I. L. Shaw.

Deputies who went to the scene reported that Mrs. Lacey and the wives of three other strikers were ordered to leave the farm by a man armed with a rifle. They refused, the women said, and the man fired, killing Mrs. Lacey.

NATIONS WILL DISCUSS POLLUTION OF WATERS

WASHINGTON — Assurance has been given by President Harding to Chairman Porter of the House foreign affairs committee that in the near future the question of international pollution of navigable waters would be discussed. Congress recently passed a resolution requesting the executive to attend a call for such a conference and the president is understood to have expressed approval of the plan.

BANK OF ENGLAND CUTS DISCOUNT RATE TO 3%

LONDON — (Associated Press) — The Bank of England today reduced its discount rate to three per cent. The rate has been three and a half.

HEAT IS FATAL

PITTSBURGH — Two died from heat prostration here today before a shower brought cooler weather.

NEW RAIL PEACE PLANS FORMED

STRIKE SLOWS UP L. E. & W. WORK

Nickel Plate Changes Name on Rolling Stock

B. & O. TRAIN SERVICE HIT

Lima Territory Scoured for Men for Shop Work

Strike of railway shopmen is delaying the nominal transformation of the L. E. & W. Railroad from a New York Central line to a Nickel Plate branch, it was learned here Thursday.

Erasing of the lettering of the old name on the rolling stock is under way at present, it has been announced from the office of the chief clerk, but a lack of painters, due to the strike, is handicapping the change.

The large line bearing the name "New York Central Lines" is being removed from all engines and cars as rapidly as conditions will permit. Instead, just the words "Lake Erie and Western," in large letters, are being painted on the rolling stock.

NOW NICKEL PLATE BRANCH

This change in the designations of cars and locomotives follows the transfer of the division of the L. E. & W. operating thru this city, from New York Central control to the control of the New York, Chicago and St. Louis Railroad, within the past few days.

Tho the strike of railway shopmen here has interfered to some extent in this work, train schedules remain intact, officials of the L. E. & W. announce. No trains have been cancelled, as has been found necessary on the B. & O.

Two passenger trains on the division of the B. & O. operating thru this city, were taken from the schedule late Wednesday, it was announced here Thursday. The strike is blamed.

Engines ordinarily used on these two trains will be pressed into service on other runs, it was announced. The two trains removed from the schedule are locals. Their removal, it is said, will handicap delivery of express to many small cities and towns on the division between Cincinnati and Toledo. Likewise, passenger service to these smaller towns will practically be stopped.

SEEKING MEN

Representatives of the B. & O. Railroad were in Wapakoneta Wednesday seeking men to take the places of strikers in the shops here, according to information from the Auglaize-co city.

They succeeded in securing a few men, not more than five, it is stated, to take positions here.

TROOPS ARE ASKED

Protection Needed in Perry-co, Mine Owners Say

COLUMBUS, — (United Press) — United States troops will be asked to protect non-union miners in the Perry-co slag fields, company representatives indicated here today.

Appeal for aid will be carried to the federal government, it was stated. The United States marshal's office, said Leroy P. Sater, counsel for the Consolidated Coal and Coke Company.

Attorneys and company officials, whose employees were attacked July 4, and one man killed, have been here several days, making attempts to see the governor and urge that he send state troops into the Perry-co territory.

The situation is acute, Sater said. "Putting men to work without protection of troops will result in another Herrin, Ill., massacre."

Sheriff Minshull of Perry-co, where the independence day riots were staged, cannot get dependable deputies. Sater told the United Press. The sheriff himself says that if work is started nothing but troops will prevent a riot," Sater declared.

"Sympathy of the people is with the strikers, and local officials are powerless," Sater added.

MAINTENANCE OF WAY MEN ISSUE PROTESTS

CLEVELAND, — (United Press) — Maintenance of way workers here today notified union officials that unless some action was taken to remove guards from railroad property they would refuse to work.

Union chiefs said they would consult with the headquarters of the union at Detroit and also confer with railroad officials late today.

The United States marshal's office has notified Attorney General Daugherty that approximately 1,500 additional deputy marshals will be needed to guard mail service in northern Ohio.

TWO WOMEN END LIVES AS RESULT OF THE HEAT

CLEVELAND, — Two women ended their lives in northern Ohio, during the last 24 hours, while temporarily insane as a result of the heat.

Mrs. Katherine Brandt, 66, leaped into a well at her home here and Miss Grace Beeks, Cleveland school teacher, ended her life in a river near Newcomerstown.

PRINCESS TO WED

Princess Margherita Massimo of Italy will wed Count Emilio Pagliano, Italian diplomat, in Spain in August. The wedding will be one of the European season's most brilliant social affairs.

GIRL CONFESSES LEAVING BABY

Tells Police She'll Surrender if Ruth is Returned

NEW YORK — (United Press) — An unwed girl, whose mother love forced her to confess abandoning her baby girl in a swamp, had a rendezvous at prison today.

"I'll go to jail, but I want my baby back," said a voice over the telephone to Detective George Busby. According to Busby the girl said she would surrender to authorities today.

The baby, 16 months old, is in King's-co hospital, recovering from the painful effects of mosquito bites received while in the swamp, where she was found early Sunday morning.

Busby said the girl told him her name was "Miss Silver," of Lynn, Mass., and that the baby was named "Ruth."

This is the story, according to Busby, the mother told over the telephone: "I came here from Lynn, Mass., to beg the father of my child to give her his name. He refused."

"I became desperate. I must have gone crazy. It was impossible to keep on living as I have been. Just as the band at Coney Island, was playing its last tunes and the lights were being switched off, I took Ruth to the edge of the swamp and laid her down. I left a bottle of milk beside her. I started back after my baby twice and then turned around."

"I'll surrender myself to you if you return my baby."

According to doctors at the hospital, two well-dressed women called to see the baby last night. One of them said:

"It surely looks like Ruth."

ANSWER DELAYED

Soft Coal Miners' Policy Disturbs Federal Administration

WASHINGTON, — (Associated Press) — Although the anthracite operators have submitted what President Harding is said to regard as a complete acceptance of the government's offer of arbitration in the coal strike, the situation with regard to the bituminous operators and the miners' union continued under a cloud of uncertainty today with both sides pursuing a policy obviously disturbing to administration officials.

The anthracite operators attached two conditions to their acceptance of arbitration yesterday, one that a separate commission consider wage scales in that industry and the other that the commission be required to submit a decision by August 10, agreeing in the meantime to pay the wage rate of March 31 as suggested in the president's proposal.

MOTHER LOVE VALUED AT \$3,000 BY ONE WOMAN

BYESVILLE — Mrs. Augusta Turner today set the price of her mother's love at \$3,000.

She offered to sell her one-year-old baby boy Richard to obtain funds to prolong her mother's life. The child's grandparents, Mrs. Leon Dubois, physicians said, will die unless she is sent to a sanitarium for treatment, which will cost approximately \$3,000.

Truck Fleet Ready

MAY BE USED IF STRIKE LASTS

Postmaster General Reports to Harding on Available Autos

TRANSPORTATION AFFECTED

"Creeping Paralysis" Gradually Overcoming Nation's Arteries

WASHINGTON — (Associated Press) — Postmaster General Work today prepared a letter to President Harding notifying the executive that a survey prepared by all departments of the government showed that a thoroughly organized fleet of 50,000 motor vehicles could be mobilized within 24 hours should the railway shopmen's strike further interfere with the movement of United States mail.

STRIKE EFFECTS FELT

WASHINGTON — (United Press) — The demoralizing effect of two great strikes made itself felt on the nation's transportation system today, according to reports reaching President Harding.

Trains in large numbers are being withdrawn from service daily, the reports revealed.

The strike of railroad shopmen is responsible for conditions in the east while lack of fuel, caused by the mine strike, is the chief factor in curtailment of train service in the west.

HARDING RECEIVES REPORTS

President Harding is receiving confidential reports from all lines. Reports today indicate that conditions are daily becoming more serious. Increasing numbers of trains are being laid up.

"Creeping paralysis," according to one official, is the progress of the same rate of progress is continued for two weeks more, industry in general will be dealt a severe blow, he said.

In the meantime, the postoffice department is quietly pushing plans to prevent demoralization of the mails. A vast fleet of airplanes, motor trucks and automobiles will be pressed into service in the event of a breakdown in railway transportation.

MANY TRUCKS AVAILABLE

Many thousands of trucks are in possession of the post office. If these trucks cannot meet the demand the war department will be called upon. If the combined automotive equipment of these two departments prove insufficient, it is planned to enter into contracts with private concerns.

The postoffice department is now operating a mail truck service at points isolated by the strike. Motor service is being maintained between Greenville and Mineola, Texas; Altus, Okla., and Wellington, Texas; Smithville, and Sallis, Texas, and between other points.

Meanwhile, administration officials stated that federal troops will be used only as a last resort in the present situation. To local civil authorities cooperating with federal agents will first be left the task of maintaining order. If they cannot cope with the situation, state troops will be called with federal troops to be used only in a grave emergency.

MANY TRAINS WITHDRAWN

Postal inspectors today reported withdrawal of trains from service as follows:

The Cincinnati section reports discontinuance of trains Number 12 between Grayton and Cincinnati; Number 2 between Cincinnati and St. Louis; Number 51 between Detroit and Cincinnati; Number 32 between Chicago, Monon and Cincinnati; Number 30 between Cincinnati and Indianapolis; Number 11, between Graton and Cincinnati; Number 23, between Cincinnati and St. Louis and Number 52 between Detroit and Cincinnati.

Reports from Fort Worth, Texas, were that two trains withdrawn from service out of Atoka, Okla., have been restored and that Trains Numbers 35 and 26 between Greenville and Mineola, Texas, have been superseded by mixed trains.

Trains Number 52 and 54, between Graton and Wheeling will be withdrawn today and that trains 75 and 76 between Pittsburgh and Wheeling also will be withdrawn.

PRISONER ESCAPES BY JUMPING THRU WINDOW

CLEVELAND — Smashing his fist thru the window of a speeding interurban car, Theodore McCormack, 31, of Lorain, in custody of Patrolman William Babcock of the Lorain force, made a daring leap to freedom as the car swerved a bend at Stop 50 on the A. B. C. line shortly after midnight. He is still at large.

Babcock was taking McCormack back to Lorain from Dennison, Ohio, to face trial on a statutory charge.

WILL GRANT MORATORIUM

PARIS — (United Press) — The allied reparations committee will grant a moratorium to Germany, it was semi-officially announced today. France will demand a moratorium, if one is granted to Germany, the newspaper Eclair stated.

"MONA LISA SMILE" WINS 3500 PROPOSALS

EDITH MAE PATTERSON, ARKANSAN SCHOOLTEACHER, AND THE "MONA LISA SMILE" THAT WON HER 3500 PROPOSALS.

PINE BLUFF, Ark. — (Special.)

Three thousand five hundred proposals of marriage!

Edith Mae Patterson, young "schoolmarm" here, has received that many.

And has rejected every one of them.

Eight months ago Miss Patterson's aunt, without Miss Patterson's knowledge, entered the schoolteacher's photograph in a state beauty contest.

STRIKE ENDS

OCEAN CITY, N. J. — (Associated Press) — Learning that a bevy of mermaids, headed by Ethelma Biehlrey and Ada Taylor, champion swimmers, had volunteered to go into the life-saving business here, "in the interest of humanity," male beach guards have called off their strike for more pay. Twenty-four men were back on the job today, drawing \$15 a week minus a deduction of \$2.50 a week until their twenty dollar uniforms are paid for.

PLAN NEW TREATY

Great Lakes Pact May be Brought up to Date

WASHINGTON, — (Associated Press) — Early consummation of a treaty restoring in more modern terms and giving permanent reform to the essential principles of the century-old Rush-Bagot agreement for restriction of armament on the Great Lakes and the St. Lawrence river was looked for today following the conference at the state department between Premier King of Canada and Secretary Hughes.

In a statement issued last night King said the negotiations were proposed by the Canadian government at this time in view of the "important strides" of world disarmament.

Other matters touched upon were said to include measures for the protection and conservation of fisheries of British Columbia and eastern Canadian international waters.

The Canadian ministers were presented to President Harding yesterday after luncheon with Secretary Hughes and last night they were dinner guests at the British embassy.

MASONIC LODGES WILL CONVENE AT SPRINGFIELD

SPRINGFIELD, O. — Initial plans for the annual meetings of the grand chapter of the Masonic lodges of Ohio to be held here on October 2, 3, 4 and 5 are being completed.

The grand chapter will conduct its sessions on October 2 and 3 and the grand chapter will meet October 4 and 5. The grand chapter will elect October 6.

The degree of super excellent master will be conferred upon a class of candidates from the grand council. The degree of past high priest will be conferred upon another class from the council. The Springfield chapter No. 48 and Springfield council No. 17 will be host to approximately 700 delegates.

IRISH FITE LOSS

SAN JOSE, Costa Rica — Damage estimated at \$2,500,000 was caused by a fire which swept thru warehouses here.

LABOR BOARD TO OFFER BASIS

Head of Strikers Voices New Grievance of Men

MORE VIOLENCE REPORTED

Troops Requested in Many Places As Safeguard

WASHINGTON, — (Associated Press) — Orders may be issued by the war department some time today for the movement of troops to certain localities where disorders have occurred in connection with the railroad strike. Secretary Weeks indicated at one o'clock as he left the White House after a conference with the president on the situation. Definite announcement, the secretary said, would be made at 3 p. m. today as to whether troop movements would be issued.

CHICAGO — (Associated Press) — B. M. Jowell, head of the railway department of the American Federation of Labor today sent a telegram to President Harding replying to the president's proclamation on the strike situation and opening a new phase of the grievances of striking railway shopmen.

The telegram which also was signed by the six international presidents of the railway shop crafts declared that the strikers had walked out because wages fixed by the labor board were in violation of the provisions of the transportation act and because of the violation of the labor board's position by the railroads.

The strikers insisted that no interruption of commerce or interference with the mail had been caused by an unlawful act by the shopmen. The telegram said such interference directly to the attempt of the railroads to operate with incompetent workmen. President Jowell and his associates reiterated their desire to cooperate in any effort to bring peace, but declared that up to the present the rail executives had refused to meet the representatives of the employees.

HOOPER IS OPTIMISTIC

CHICAGO — (Associated Press) — Although moves for peace in the rail strike apparently were slowed up somewhat today, the general trend still seemed to be toward negotiations for a settlement. Despite the flat refusal of railroad executives to enter a peace parley with B. M. Jowell, head of the striking shop crafts.

One of the most optimistic notes was sounded by Ben W. Hooper, chairman of the railroad labor board, who, having foreseen the rejected conference, announced that he had formulated new plans for ending the walkout.

One remaining hope in the peace parley move, Mr. Hooper declared, lay in the fact that railroad chiefs who rejected the proposed conference were not authorized to speak for railway executives generally.

The thirtieth day of the shopmen's strike thus held considerable promise of important developments. Meanwhile the short lull in which acts of violence diminished somewhat was followed by renewed outbreaks in California, Texas and Michigan.

At Bloomington, Ill., state troops withdrew from the Chicago and Alton yards and confined themselves to the shops.

As a result, Alton trainmen who refused to handle trains within the military controlled yards, yielded in their attitude and service on the Alton thru Bloomington showed signs of improvement.

At Denison, Texas, E. L. Cox of Wichita Falls, an electrician was taken from a Missouri, Kansas and Texas train by a band of men and beaten badly. Cox, employed as a strikebreaker in the Katy shops, had been warned by union men to leave town.

Previous threats of the strike spreading to the train service employees apparently was averted by the conferences of "big four" brotherhood chiefs here, and the New York Central apparently had prevented a strike of clerks on its lines.

Saginaw, Mich., was the scene of disturbances on the Pere Marquette and Governor Groesbeck was asked for troops to prevent further trouble. Strikers were active on the picket lines in the Collinwood yards of the New York Central at Cleveland.

PROTEST TO HARDING

Striking shopmen at Slater, Mo., protested to President Harding against the presence of United States marshals and their deputies, who were in control of the Chicago and Alton shops.

Ten trains on the Baltimore and Ohio and the Chicago, Indianapolis and Western were among the number to be annulled.

Several roads, notably in the east, reported impairment of rolling stock with locomotives and cars laid up in need of repairs.

The clerks' strike on the Norfolk and Western was effectively interfering with operations on that road.

SITUATION WATCHED

WASHINGTON — (Associated Press) — Government officials continued to give close attention to the rail strike situation today and primarily to note any indication of the effect of President Harding's proclamation warning against interference with the movement of mail trains and interstate commerce in general. There was no indication that any steps beyond the president's proclamation were contemplated.

Roundhouse in California, Attacked by Armed Men

WORKERS GO TO HOSPITAL

Violence Is Deplored by Union Strike Headquarters

OROVILLE, Calif. — (Associated Press) — Numerous strikebreakers and guards were injured, several seriously and one perhaps fatally when about 75 men, speeding into town today in automobiles, charged a Western Pacific roundhouse here. The attacking party then moved away.

Four guards were missing and believed to have been kidnapped. Many of the assailants were asked.

They fired about fifty shots, but apparently aimed them only at the windows of the roundhouse. All of the injured had been clubbed, none had been shot. Several were removed to hospitals. Tom Wilkinson, the trainmaster, was beaten over the head, suffering a possible fracture of the skull.

ROUNDHOUSE DAMAGED
Reports indicated there was no resistance. The roundhouse was badly damaged. Residents of Oroville said they counted 12 automobiles.

David Stevenson was severely injured, chased to a point a mile away and there stripped of his clothes. He was found in a serious condition and removed to a hospital. Masked men appeared at the roundhouse without warning and the guards and employees, overwhelmed and beaten, were forced into the open. They fled in every direction. In a short time the assailants had completed their work and left town.

WORKMEN SEIZED
DENISON, Tex. — (Associated Press) — Two imported workmen were seized early today by a band of men and taken to the Red River, five miles north of here, where they were held and told to leave town.

They were seized when they fled from a northbound M. K. & N. train. The other men escaped. The band and are being sought for.

This was said to be the first report of the avowed intention of union leaders to prevent any strike from arising in Denison.

The announcement of this plan brought word from United States Marshal Phil Bauer at Paris, Texas, that arrangements had been made for a number of deputies to come here. Hundreds of men congregated at the M. K. & N. station today. They began gathering late last night at the station.

Striking shopmen closely guarded every entrance to the Katy car shops, roundhouses and other plants. Picketers went on duty as far out as three miles from Denison. Some of the men were reported to have shot guns, other rifles and pistols.

ARMY PRESENT
DENISON, Tex. — (Associated Press) — A joint meeting of engineers, firemen, conductors and trainmen unions of Denison had been called for this afternoon to consider discussing work on trains into Denison. It was announced this morning. The conference was called by union leaders they said, as a result of reports that trains are being operated that are being delayed and dangerous to workers and passengers.

VIOLENCE DEPLORED
CHICAGO — (Associated Press) — Union headquarters of the striking railway men issued a statement today deploring violence in connection with the railroad strike. The statement declared that the organized union strikers were conducting "an orderly, well disciplined strike."

The statement blamed any lawlessness on irresponsible persons, aggravated by the presence of troops, railroad "bums" and United States marshals. The strikers sought support of public officials and the press in preserving law and order, the statement said.

WOMAN IS KILLED
UNIONTOWN, Pa. — (Associated Press) — Mrs. Joseph Lane, wife of a striking coal miner, was shot and killed while picking berries on a farm near Evans, Fayette county late yesterday, according to word received here today by Sheriff I. I. Shaw.

Deputies who went to the scene reported that Mrs. Lane and the wife of three other strikers were armed with a rifle. They refused, the women said, and the man fired, killing Mrs. Lane.

NATIONS WILL DISCUSS POLLUTION OF WATERS
WASHINGTON — Assurance has been given by President Harding to Chairman Porter of the House of Representatives committee that in the near future the principal maritime nations of the world would be invited to send representatives to a conference in this country at which means for preventing the pollution of navigable waters would be discussed. Congress recently passed a resolution requesting the executive to attend a call for such a conference and the president is understood to have expressed approval of the plan.

STRIKE SLOWS UP L. E. & W. WORK

Nickel Plate Changes Name on Rolling Stock

B. & O. TRAIN SERVICE HIT

Lima Territory Scoured for Men for Shop Work

Strike of railway shopmen is delaying the nominal transformation of the L. E. & W. Railroad from a New York Central line to a Nickel Plate branch, it was learned here Thursday.

Erasing of the lettering of the old name on the rolling stock is under way as present, it has been announced from the office of the chief clerk, but a lack of painters, due to the strike, is handicapping the change.

The large line bearing the name "New York Central Lines" is being removed from all engines and cars as rapidly as conditions will permit. Instead, just the words "Lake Erie and Western" in large letters, are being painted on the rolling stock.

NOW NICKEL PLATE BRANCH
This change in the designations of cars and locomotives follows the transfer of the division of the L. E. & W. operating thru this city, from New York Central control to the control of the New York, Chicago and St. Louis Railroad, within the past few days.

The strike of railway shopmen here has interfered to some extent in this work, train schedules remain intact, officials of the L. E. & W. announce. No trains have been cancelled and has been found necessary on the B. & O.

Two passenger trains on the division of the B. & O. operating thru this city, were taken from the schedule late Wednesday, it was announced here Thursday. The strike is blamed.

Engines ordinarily used on these two trains will be used for passenger service on other runs, it was announced. The two trains removed from the schedule are locals. Their removal, it is said, will handicap delivery of express to many small cities and towns on the division between Cincinnati and Toledo. Likewise, passenger service to these smaller towns will be practically stopped.

SEEKING MEN
Representatives of the B. & O. Railroad were in Wapakoneta Wednesday seeking men to take the places of strikers in the shops here, according to information from the Anglaize-co city.

Their mission in securing a few men, not more than five, it is stated, is to take positions here.

PROTECTION NEEDED IN PERRY-CO. MINE OWNERS SAY
COLUMBUS, — (United Press) — United States troops will be asked to protect non-union miners in the Perry-co. slag fields, company representatives indicated here today.

Appeal for aid will be carried to the federal government; if state authorities refuse to provide protection, said Lewry P. Sater, counsel for the Consolidated Coal and Coke Company.

Whose employees were attacked July 4, and one man killed, have been several days, making attempts to see Governor Davis and urge that he send state troops into the Perry-co. territory.

The situation is acute, Sater said. "Putting men to rest without protection of troops will result in another Herrin, Ill., massacre."

Sheriff Minshull, of Perry-co., where the independence day riots were staged, cannot get dependable deputies. Sater told the United Press. The sheriff himself says that if work is started nothing but troops will prevent a riot. Sater declared.

"Sympathy of the people is with the strikers, and local officials are powerless," Sater added.

MAINTENANCE OF WAY MEN ISSUE PROTESTS
CLEVELAND, — (United Press) — Maintenance of way workers here today notified union officials that unless some action was taken to remove guards from railroad property they would refuse to work.

The United States marshal's office has notified Attorney General Daugherty that approximately 1,500 additional deputy marshals will be needed to guard mail service in northern Ohio.

"Creeping Paralysis" Gradually Overcoming Nation's Arteries

WASHINGTON — (Associated Press) — Postmaster General Work today prepared a letter to President Harding notifying the executive that a survey prepared by all departments of the government showed that a thoroughly organized fleet of 50,000 motor vehicles could be mobilized within 24 hours should the railway shopmen's strike further interfere with the movement of United States mail.

STRIKE EFFECTS FELT
WASHINGTON — (United Press) — The numbing effect of two great strikes made itself felt on the nation's transportation system today, according to reports reaching President Harding.

Trains in large numbers are being withdrawn from service daily, the reports revealed.

The strike of railroad shopmen is responsible for conditions in the east while lack of fuel, caused by the mine strike, is the chief factor in curtailment of train service in the west.

HARDING RECEIVES REPORTS
President Harding is receiving confidential reports from all lines. Reports today indicate that conditions are daily becoming more serious. Increasing numbers of trains are being held up.

"Creeping paralysis," according to one official, is the progress. "If the same rate of progress is continued for two weeks more, industry in general will be dealt a severe blow, he said."

In the meantime, the postoffice department is quietly pushing plans to prevent demoralization of the mails. A vast fleet of airplanes, motor trucks and automobiles, will be pressed into service, in the event of a breakdown in railway transportation.

MANY TRUCKS AVAILABLE
Many thousands of trucks are in possession of the post office. If these trucks cannot meet the demand the war department will be called upon. If the combined automotive equipment of these two departments prove insufficient, it is planned to enter into contracts with private concerns.

The postoffice department is now operating a mail truck service at points isolated by the strike. Motor service is being maintained between Greenville and Mineola, Texas; Altus, Okla., and Wellington, Texas; Smithville, and San Marcos, Tex., and between other points.

Meanwhile, administration officials stated that federal troops will be used only as a last resort in the present situation. To local civil authorities cooperating with federal agents will first be left the task of maintaining order. If they cannot cope with the situation, state troops will be called with federal troops to be used only in a grave emergency.

MANY TRAINS WITHDRAWN
Postal inspectors today reported withdrawal of trains from service as follows:

The Cincinnati section reports discontinuance of trains Number 12 between Grafton and Cincinnati; Number 24 between Cincinnati and St. Louis; Number 51 between Detroit and Cincinnati; Number 33 between Chicago, Monon and Cincinnati; Number 22 between Cincinnati and Indianapolis; Number 11, between Grafton and Cincinnati; Number 23, between Cincinnati and St. Louis and Number 52 between Detroit and Cincinnati.

Reports from Fort Worth, Texas, were that two trains withdrawn from service out of Atoka, Okla., have been restored and that trains Numbers 35 and 36 between Greenville and Mineola, Texas, have been superseded by mixed trains.

Trains Number 53 and 54, between Grafton and Wheeling will be withdrawn today and that trains 75 and 76 between Pittsburg and Wheeling also will be withdrawn.

"MONA LISA SMILE" WINS 3500 PROPOSALS

EDITH MAE PATTERSON, ARKANSAS SCHOOLTEACHER, AND THE "MONA LISA SMILE" THAT WON HER 3500 PROPOSALS.

PINE BLUFF, Ark. — (Special) — Three thousand five hundred proposals of marriage!

Edith Mae Patterson, young "schoolmarm" here, has received that many.

And has rejected every one of them.

Eight months ago Miss Patterson's aunt, without Miss Patterson's knowledge, entered the schoolteacher's photograph in a state beauty contest.

A little later along came a check for \$1000—Miss Patterson had won first prize. Immediately her fame as "the girl with the Mona Lisa smile" began to spread and proposals began to rain in my mail and telegraph.

Then a contest to find the prettiest girl in the United States started. Miss Patterson entered. She won the first prize of \$2500.

More proposals. Hundreds of them. All Miss Patterson's friends were kept busy opening them.

STRIKE ENDS

OCEAN CITY, N. J. — (Associated Press) — Learning that a bony of mermaids, headed by Ethelinda Bleibrey and Ada Taylor, a clumpion swimmers, had volunteered to go into the life-saving business here "in the interest of humanity," male beach guards have called off their strike for more pay. Twenty-four men were back on the job today, drawing \$15 a week minus a deduction of \$2.50 a week until their twenty dollar uniforms are paid for.

PLAN NEW TREATY

Great Lakes Pact May be Brought up to Date

WASHINGTON, — (Associated Press) — Early consummation of a treaty resting in more modern terms and giving permanent reform to the essential principles of the century-old Rush-Bagot agreement for restriction of armament on the Great Lakes and the St. Lawrence river was looked for today following the conference at the state department between Premier King of Canada and Secretary Hughes.

In a statement issued last night King said the negotiations were proposed by the Canadian government at the time in view of the "important strides" of world disarmament.

Other matters touched upon were said to include measures for the protection and conservation of fisheries of British Columbia and eastern Canadian international waters.

The Canadian ministers were presented to President Harding yesterday after luncheon with Secretary Hughes and last night they were dinner guests at the British embassy.

MASONIC LODGES WILL CONVEGE AT SPRINGFIELD

SPRINGFIELD, O. — Initial plans for the annual meetings of the grand chapter of the Masonic lodges of Ohio to be held here on October 2, 3, 4 and 5 are being completed.

The grand chapter will conduct its sessions on October 2 and 3 and the grand chapter will meet October 4 and 5. The grand chapter will elect October 5.

The degree of super excellent master will be conferred upon a class of candidates from the grand council. The degree of past high priest will be conferred upon another class from the council. The Springfield chapter No. 48 and Springfield council No. 17 will be host to approximately 700 delegates.

BIG FIRE LOSS

SAN JOSE, Costa Rica — Damage estimated at \$2,500,000 was caused by a fire which swept thru warehouses here.

SALES SOUGHT

Daugherty Puts Out Feeler Concerning Traffic on Ships

WASHINGTON — (Associated Press) — Views of the various interests concerned in the question of the legality of the sale of intoxicating liquor on American vessels on the high seas as well as foreign vessels coming within the three mile limit, were sought by Attorney General Daugherty on opening hearings on the matter today prior to rendering a formal opinion which was requested by Internal Revenue Commissioner Blair.

The shipping board will not be represented at the hearing, that organization taking the view, it was said in official circles today, that since Chief Counsel Schlesinger of the board already had rendered a decision upholding the legality of the liquor sales at sea, it had no further interest in the matter until the question was decided by the attorney general.

Prohibition Commissioner Haynes, however, would be represented during the course of the hearings, it was understood, with other interests, including the Anti-Saloon League and the steamship companies.

MEETING TO END

Dissolution of Conference With Russians Due Tomorrow

THE HAGUE — (Associated Press) — Actual dissolution of The Hague conference on Russian affairs probably cannot take place before tomorrow.

Experts representing the countries which have tried to reach an agreement with the Soviet are holding meeting for the discussion of their final stand on the question of foreign-owned property in Russia confiscated by the Soviets. Deadlock over the property question is so tight and both Russians and non-Russians are so firm in their respective stands that it seems unlikely any formula can be evolved to save the conference from disruption.

COLLINS IS APPOINTED HEAD OF IRISH FORCES

DUBLIN — (Associated Press) — Michael Collins has been appointed commander-in-chief of the Irish National army, it was officially announced today. Collins, Richard Mulcahy and General Owen O'Duffy will comprise a war council in supreme charge of military operations throughout the country.

LABOR BOARD TO OFFER BASIS

Head of Strikers Voices New Grievance of Men

MORE VIOLENCE REPORTED

Troops Requested in Many Places As Safeguard

WASHINGTON, — (Associated Press) — Orders may be issued by the war department some time today for the movement of troops to certain localities where disorders have occurred in connection with the railroad strike, Secretary Weeks indicated at one o'clock as he left the White House after a conference with the president on the situation. Definite announcement, the secretary said, would be made at 3 p. m. today as to whether troop movement orders would be issued.

CHICAGO — (Associated Press) — R. M. Jewell, head of the railway department of the American Federation of Labor today sent a telegram to President Harding replying to the president's proclamation on the strike situation and opening a new phase of the grievances of striking railway shopmen.

The telegram which also was signed by the six international presidents of the railway shop crafts declared that the strikers had walked out because wages fixed by the labor board were in violation of the provisions of the transportation act and because of the violation of the labor board's position by the railroads.

The strikers insisted that no interruption of commerce or interference with the mail had been caused by an unlawful act by the shopmen. The telegram said such interference directly to the attempt of the railroads to operate with incompetent workmen. President Jewell and his associates reiterated their desire to cooperate in any effort to bring peace, but declared that up to the present the rail executives had refused to meet the representatives of the employees.

HOOPER IS OPTIMISTIC
CHICAGO — (Associated Press) — Although moves for peace in the rail strike apparently were slowed up somewhat today, the general trend still seemed to be toward negotiations for a settlement despite the flat refusal of railroad executives to enter a peace parley with B. M. Jewell, head of the striking shop crafts.

One of the most optimistic notes was sounded by Ben W. Hooper, chairman of the railroad labor board, who, having fostered the respected conference, announced that he had formulated new plans for ending the walkout.

One remaining hope in the peace parley move, Mr. Hooper declared, lay in the fact that railroad chiefs who rejected the proposed conference were not authorized to speak for railway executives generally.

The thirteenth day of the shopmen's strike thus held considerable promise of important developments. Meanwhile the short rail in which acts of violence diminished somewhat was followed by renewed outbreaks in California, Texas and Michigan.

At Bloomington, Ill., state troops withdrew from the Chicago and Alton yards and confined themselves to the shops.

TRAINMEN FIELD
As a result, trainmen who refused to handle trains within the military controlled yards, yielded in their attitude and service on the Alton thru Bloomington showed signs of improvement.

At Denison, Texas, E. L. Cox of Wichita Falls, an electrician was taken from a Missouri, Kansas and Texas train by a band of men and beaten badly. Cox employed as a strikebreaker in the Katy shops, had been warned by union men to leave town.

Previous threats of the strike spreading to the train service employees apparently was averted by the conferences of "big four" brotherhood chiefs here, and the New York Central apparently had prevented a strikebreaker in the Katy shops, had been warned by union men to leave town.

Sagharaw, Mich., was the scene of disturbances on the Pere Marquette and Governor Greenbeck was asked for troops to prevent further trouble.

Strikers were active on the picket lines in the Collinwood yards of the New York Central at Cleveland.

PROTEST TO HARDING
Striking shopmen at Slater, Mo., protested to President Harding against the presence of United States marshals and their deputies, who were in control of the Chicago and Alton shops.

Ten trains on the Baltimore and Ohio and the Chicago, Indianapolis and Western were among the number to be annulled.

Several roads, notably in the east, reported impairment of rolling stock with locomotives and cars laid up in need of repairs.

The clerks' strike on the Norfolk and Western was effectively interfering with operations on that road.

SITUATION WATCHED
WASHINGTON — (Associated Press) — Government officials continued to give close attention to the rail strike situation today and primarily to note any indications of the effect of President Harding's proclamation warning against interference with the movement of mail trains and interstate commerce in general. There was no indication of any steps beyond the president's proclamation were contemplated.

CHANGE IN LAWS "KILLS" BOARD

Lima Sinking Fund Trustees Pass
in Year 1967

GRISWOLD BILL RESPONSIBLE

Confusion Seen When Treasurer
Gets the Money

Sinking fund trustees will some day be a thing of the past. With them will disappear the sinking fund. That is, they will go by the board unless the laws of the state of Ohio are changed—again.

Under the provisions of the Griswold act a new way of raising money for the payment of bonds is to be provided to take the place of the method which has been in force for so many years.

CHANGE IN 1967

No immediate extinction of the sinking fund trustees and their fund is seen in Lima. They will give up their duties in 1967, Evan O. Sellers, city auditor, said Thursday.

This date is far enough away to permit the law to be changed half a dozen times, so no one can be certain that its provisions will be carried out as they now stand.

If the law is not changed, however, the trustees and their fund will go out of existence and the city treasurer and a "Bond Payment Fund" will take their place.

Under the law when the last bond which was outstanding January 1, 1922 has been paid, in 1967, the trustees will hand all money and bonds or other investments to the city treasurer and disband.

From that date on the treasurer will have charge of the fund and the payment of interest and principal as it comes due. He will succeed to practically the same duties the trustees had.

Under the new law it is planned to levy taxes as the requirements dictate. All bonds will have to be issued serially and for not longer than the estimated life of the improvement.

Bonds to be paid off in a lump sum after having run for 30 or 40 years will not be possible under the new plan, as there will be no way of accumulating a reserve or sinking fund as the years go along.

LIGHTEN BURDEN

Just enough taxes will be levied each year to pay off all claims which will be presented during that year. This was made for a changeable tax rate and may result in lightening the burden, it is believed.

Possible benefits or drawbacks to cities and other taxing districts have not been fully worked out, but it is the general belief of Lima city officials that very little change will be noted.

Some little confusion may be seen when the fund is turned over to the treasurer and the sinking fund officially goes out of existence. But with that date 45 years away, city officials are not worrying about it.

"My troubles are not what will happen in 1967," Sellers said. "I'm wondering what is going to happen in 1922 and 1923 if the city does not get more money."

S. O. IS ATTACKED

New Law Needed, Says Federal
Trade Commission

WASHINGTON — (United Press) — A denunciation of the policy of the Standard Oil company in "continuing to maintain a monopoly" of the gasoline supply of the United States, was contained in a report of the federal trade commission to congress today.

Immediate legislation to prevent interlocking stock ownership among the various Standard Oil concerns was suggested, as the only solution of the situation.

The combination now is apparently "within the law" in the view of the supreme court interpretation of the Sherman anti-trust law. These decisions permit common stock ownership in corporations which have been members of a combination dissolved under the Sherman law and hence the only remedy open is creation of a new law to prevent such action, the report adds.

COMPLAINANT IN ASSAULT CASE BECOMES DEFENDANT

Annie Connell, of 323 N. Main-st., who was complainant in an assault case against Edo Daniels, waitress, same address, in Justice E. M. Botkin's court recently will appear in the role of defendant Thursday afternoon. She is alleged to have threatened the waitress.

She was arrested on a warrant to keep the peace and will be arraigned on the charge.

Evo Daniels, who "fled the complaint," was held to the grand jury on a charge of attacking the Connell woman, at the first hearing.

FUNERAL OF MRS. KELLY TO TAKE PLACE IN WAPAK

Funeral services for Mrs. Anna Elizabeth Kelly, 38, wife of Herbert Kelly, of Wapakoneta, who died Wednesday at the home of Kelly's mother, Michael Kelly, at the residence of H. P. Kelly, 705 W. Sprung-st., in this city, have not been arranged. The body was taken to the Kelly home in Wapakoneta Wednesday afternoon.

Deceased was the daughter of Chris Waldman, near Wapakoneta. Her death was due to a protracted illness. She is survived by her husband, a sister and three brothers. Arrangements of funeral services is being delayed, pending word from brothers in California.

NIFTY TARGETS

Sixteen automatic target traps, installed on the Abscon-blvd in an absolutely straight line, will greet the trappers of North America who attend the Great American clay target championship in Atlantic City, September 11-16.

WEATHER MAN HITS THE BALL

Those who have heretofore failed, refused or neglected to place any credence whatever in predictions made by the weatherman were forced to change their well-fixed opinions Thursday when the forecast was realized to a "T."

Wednesday night was delightfully cool, a fine time for sleep, without the annoyance of heat blasts thru open windows and humidity generally. Thursday was an ideal day, but not good "growing weather." Too cool.

Ted found comfort in a heavy sweater and topped his dome with a jaunty cap, for a stroll in the open. Fair weather is to continue tonight and Friday, according to the forecast, but cooler in the south portion tonight and slightly warmer in the north portion of the state.

LABOR BOARD TO OFFER BASIS

(Continued From Page One)

ed by the administration at this time, although a survey of possible requirements for dealing with the situation should the disorders incident to the strike of shopmen not cease, continued actively in several quarters including the war department and the post office department.

Meanwhile the intention of organized labor to give every support to the striking shopmen was emphasized in a statement last night by Samuel Compers, president of the American Federation of Labor, declaring in reference to the president's proclamation that the "courage and solidarity of the workers in their resistance to arbitrary and autocratic orders is most commendable."

STRIKE IS AVOIDED

NEW YORK — (Associated Press) — Details of the arrangement by which a strike of the clerks union on the New York Central system apparently has been averted were being worked out at another conference of the union and railway officials. A tentative agreement has been reached by which it is understood the wage cut ordered by the railroad labor board will stand, but with the railroad making some concessions regarding vacation and sick leave pay.

Practically all trains in the principal terminals were moving on schedule time but it was reported by labor leaders that delays continued at freight yards and some passenger stations.

The following letter, endorsing his proclamation regarding the mails has been sent to President Harding by the National Publishers' Association:

"The National Publishers' Association notes with approval your proclamation forbidding interference with transportation. Your vigorous action in this matter is most commendable."

This association also wishes to express its appreciation of your recent effort to compel arbitration in the coal strike and sincerely hopes that you will be successful in those undertakings."

HARDING IS WARNED

CHICAGO — (United Press) — President Harding was warned today by chiefs of the striking railroad shopmen that the interruptions and interference with railroad transportation "will continue and increase," until an agreement to end the walkout is reached.

In a telegram to the president, as railroad labor board members continued their efforts to bring about a settlement, the union heads said:

"There will be interruptions and interference with operation of the railroads until an agreement is obtained that will protect the workmen in their rights and reasonable wages."

"These interruptions will result from the use of insufficient, incompetent and unskilled workmen."

"Up to date the skilled workmen have been refused even a meeting to counter toward bringing about a settlement."

"We stand ready to cooperate in bringing about a just and reasonable agreement at any time."

The telegram recited a long history of the difficulties of the shopmen with the railroads, which led up to the strike.

The union officials replied that "we respectfully insist that no interruption of interstate commerce or interference of mails is caused by direct or unlawful act of the organized employees."

MIDDLE POINT VILLAGE HAS "MYSTERY WOMAN"

VAN WERT — Middle Point, a small village in this county, has a "mystery woman." She is Miss C. W. Angeline, registering from Sheridan, Ill.

The villagers have termed her "the mystery woman," on account of the manner in which she orders her daily life. During the day she spends most of her time in the village park. When she leaves the park she wanders about the village streets, sometimes on the sidewalks and part of the time in the middle of the street.

She explains that she always spends her summer in small villages, where she can live close to nature and build up her health, which is very delicate.

CLUB MEMBERS TO DIRECT FARM BUREAU MEETING IN RICHLAND-TP. THURSDAY

Boys and Girls club members will have charge of the program at the monthly meeting of the Richland farm bureau at Lafayette, Thursday night.

Club work, wheat standardization and chinch bug control will be discussed and a social gathering with refreshments will follow the business sessions.

J. H. Ridge, farm agent, is planning to attend district picnic of farm agents at Celina Friday. Several state leaders will be present at the all day meet.

Red and black raspberries, blackberries, gooseberries and currants at Dorsey's.

CHILDREN KILLED BY OLD SHELL

Eight Lose Lives When War
Souvenir Explodes

FATHER OF 7 MEETS DEATH

News Briefs From Buckeye
State and Nation

WATERTOWN, N. Y. — (Associated Press) — Police are searching the city for artillery shells retained as souvenirs of the world war, after the explosion of a three inch shell resulting in the death of eight children. The shell, believed to be a "dud," was used as a screen door check on the rear porch of the Edward G. Workman house. The intense heat, according to Madison Partridge military officials, made the shell liable to explosion at reduced temperature, and it is believed that one of the children playing croquet, struck the shell with a mallet or ball.

The dead are: Morris Salisbury, 16; Frances Wiley, 13; Vivian Jones, 12; Oliver Brown, 11; Anson Workman, 13; Edna Workman, 14; Sarah Barden, 12 and Donald Horton, 12, of Pulaski, N. Y., guest of young Brown.

KILLED BY AX

IRONTON — Joe Elswitz, 38, of New Castle, near here, is dead today as the result of being struck on the shoulder yesterday by an ax that slipped out of one of his son's hands as they were framing cross-tees. His wife and seven children survive.

TRAINS CANCELLED

CINCINNATI — Baltimore and Ohio officials announce the annulment of ten trains due to the strike.

SWIMMER INJURED

DAYTON — While showing a girl how he could swim on his back, William Folger, 15, was carried over a 20 foot dam and seriously injured on the rocks below.

LIVES, BULLET IN BRAIN

PREMONT — Altha he has a bullet in his brain, William Morgan is alive here.

SHOOTING TWO, KILLS SELF

AKRON — John Dyer, 50, shot and killed Sigmund Kuhn, 35, and wounded Anton Pearlman, 36, during an argument, then shot and killed himself.

KILLED BY LIGHTNING

SALISBURY — Donald Eillon, 18, and Maud Lewis, 22, are dead and five others are injured as the result of a bolt of lightning descending during a storm.

CONDEMNED STRIKEBREAKERS

COLUMBUS — City council adopted resolution condemning imprisonment of strike-breakers in connection with the railroad strike.

TRIED TO GRAND JURY

CHILLICOTHE — Waiving examination and pleading not guilty, seven strikers were held to the grand jury on charge of attacking Sherman Dordner, Baltimore and Ohio shop foreman.

BOY IS DROWNED

CLEVELAND — William McElraith, 16, drowned here, the sixth victim of drowning since Sunday.

HURT IN AUTO CRASH

CONNEAUT — While on her way to the funeral of James Waldo, her brother, Mrs. L. W. Brewer, 70, West Springfield, Pa., was fatally injured when the automobile in which she was riding struck a telephone pole.

STORM AT CAMP

CAMP PERRY — Twenty-five tents were blown down during the third term experienced by the Ohio national guardsmen since they went into encampment here Sunday.

BODY IS FOUND

CINCINNATI — The body of August B. Henking, of Springfield, was found at the Fernbank dam. He was suffering from a nervous breakdown.

ATTACKED BY MOB

DENISON, Texas — Fifty or more men coming here to act as United States deputy marshals were attacked by a mob.

INDICTMENTS QUASHED

CHARLESTON, W. Va. — Indictments against almost seventy members and officers of the United Mine Workers, containing counts of murder, arson and conspiracy, were quashed by Judge R. D. Bailey, on account of insufficient evidence.

FOUR HURT IN CLASH

NEEDLES, Calif. — Four men were wounded in a clash between strikers and strikebreakers.

ATLANTA SELECTED

ATLANTA CITY — Atlanta, Ga., was selected as next year's meeting place for the Grand Lodge of Elks, winning out over Boston.

BOY CONFESSES

LANCASTER, Pa. — Samuel B. Jacobs, 12, of Terre Hill, near here, has confessed, according to state police, that he caused the death of William Swigart, 12, because he coveted his Fourth of July savings of \$1.10.

STEAMER SEIZED

JACKSONVILLE, Fla. — The German steamer Allain was seized by a United States marshal here following the arrest of the engineer, Albert Rettick, on a charge of violating the prohibition law.

ABSENTEES MAY VOTE AUG. TIME NOW UP TO AUG. 4

Absentee voters can apply for ballots to vote in the primary election at any time, A. J. Morris, clerk of the board of elections states.

No voters have applied up to date. The law permits application to be made not more than 30 days prior to an election, or not less than three days. This gives the voters 27 days in which to secure ballots, if they are to be out of the city on the date of election.

Friday August 4, will be the last day for making application, Morris said.

AUTO CLUB SERVICE CARS, LIKE FIRE DEPARTMENT, ALSO GET "FALSE ALARMS"

Two new service stations from which cars are dispatched to assist unfortunate motorists have been opened by the Lima Auto Club. The club now has three service stations. The new ones are located at Elm-st garage and Mack's garage, Spencerville. The old station is at the Auto Laundry.

Eight motor mishaps were remedied by the service cars in one day, James Heffer, manager says. Womans motorists are finding the service a great convenience, he states.

Just as the fire departments gets false alarms, the service cars have been called out, apparently by some joker. A call came from High-st road a few days ago. The car went out, but failed to find anyone in trouble.

The club will pay a liberal reward for identity of the offenders.

LIQUOR ARGUMENT IN CIRCA CASE

Witnesses in Divorce Suit Get
Away from Real Litigation

Italians are a temperate race, unacquainted with taste of alcoholic beverages if witnesses for Louis Cirra, in his divorce action against his wife Rose, are believed.

The case is on trial in common pleas court. Mrs. Rose Cirra while on the stand told of wine drinking and accused her husband of having been intoxicated.

Relatives denied this and testified that none of them drank a drop. A debate between litigants was precipitated. Each accused the other of having wine and liquor.

"Hold on here," interposed the court, "this is a divorce case, not a liquor matter."

Rose Cirra told the court trouble arose between her and Louis when he spurned a \$500 dollar, given her by Mrs. Marie Mascari, her mother.

"I could have gotten \$1,000," he is alleged to have said, "if I'd married Frances Caruso."

Trouble also arose over payment of half of the wedding expenses, the wife said. A letter purported to have been found in Cirra's pocket was exhibited by the wife. It was apparently written by a woman.

Allegations that Cirra had been attending of a fat Greek bond broker, were made by the husband when on the stand. Arguments in the case will be heard Monday morning.

CHARGES DROPPED

Judge Noll's Indictments Against
West Virginia Miners

CHARLESTON, W. Va. — (Associated Press) — Following receipt of a dispatch by the Charleston Gazette late yesterday, to the effect that indictments growing out of the grand jury investigation in Mingo county against officials and members of the United Mine Workers of America, had been stricken from the docket by Judge R. D. Bailey of the Mingo Circuit court, C. Frank Keeney, president of district 17, of the miners' organization, received the following telegram from Thomas West, counsel for the union miners in Mingo:

"Indictments against you and other officials dropped from the docket today. Practically all others nulled."

Counts in the indictments growing out of the industrial disturbances in Mingo, included charges of murder, arson, conspiracy and a number of others.

The court's action followed a motion to quash the indictments filed by Prosecutor S. D. Stokes, who is quoted as having told the court he "was unable to make a case" against the individuals indicted.

SIGLER'S ASSAILANT IS SENTENCED TO "WORKS"

James Huil, 75, was sentenced to 30 days in the Toledo workhouse Thursday by Justice of Peace C. L. Shappell, Bath-tup, for attempting to strike L. C. Sigler, superintendent of the county home, with a cane.

Huil is an inmate of the home. He was ordered to clean up his mess by Sigler and responded by trying to brain Sigler with a walking stick, it was charged.

SOCIAL ARRANGED FOR MEN AT ST. GERARD'S

St. Gerard's Catholic parish has arranged for a social for men to be held Thursday evening, at the parish house.

Following the recent lawn party of the parish, many articles donated, such as cigars and other articles of interest to men, were unsold. A social was arranged for Thursday evening.

Rev. Father James Clarke, pastor announced that the recent lawn party and social will net the parish more than \$1,000.

WOOLEN MILLS TO BEGIN OPERATION IN FEW WEEKS

Operation of the Lima Woollen Mills, Vine and Holly-sts., will be started within the next three or four weeks, officials of the company announced Thursday.

Practically all the machinery necessary for the production of woollen goods has been received and is being installed as rapidly as possible.

FORD PROFIT-SHARING PLAN EXTENDS TO RAIL

Profit-sharing plan by which Ford Motor company employees are permitted to invest part of their wages in the concern may be extended to the T. & I. Railroad, Detroit dispatches state.

Reports to this effect were confirmed Thursday at the Lima office of the T. & I. when it was announced that P. E. Liebold, private secretary to the "liver king," appeared before the Michigan public utilities commission and asked permission to extend the plan.

Fresh plover sliced, lb. 5c, at Bucher's, 126 E. High.

CROW'S OPINION IS UPHELD

Cuyahoga-co Saved \$65,000 by
Allen-co Jurist

In a unanimous decision the Ohio Supreme court has sustained a decision written by Judge Phil Crow, of Allen-co appeals court, denying common pleas and municipal judges salary boosts under an act of the Legislature, if jurists were in office when the raise was granted.

The decision terminates a case which came up for Cuyahoga-co, where a non-resident common pleas judge held that judges of that court were entitled to the increase, inasmuch as they were paid from the county and not the state treasury.

His decision was reversed by Allen-co appeals court. Several hearings were held in the matter, Judge Phil Crow, presiding officer of the court, wrote a lengthy opinion in the case. Judges Warden and Hughes concurred.

The supreme court in sustaining Judge Crow's opinion, allowed the increase to Judge Maurice Bernon, Cleveland, appointed to an unexpired term, subsequent to passage of the law.

Decision of the court saved the taxpayers of Cuyahoga-co \$65,000. Other cases coming from Hamilton-co, in regard to salaries of Cincinnati superior court judges, will be settled by the court's verdict.

FLAPPER LOVE IS BLAMED BY GIRL

Says it Made Young Woman
Shoot Her Husband

TOLEDO — (United Press) — Flapper love, "passionate but impotent" was responsible for Toledo's wedding party tragedy, Mrs. Kenneth Gumm, whose husband was one of the two victims, declared today.

"Shallow passion made Evelyn Courthouse shoot my husband and it made her take her own life," the bride said. "She thought she would die that way, but she lost."

The shooting climaxed a gay wedding party in a fashionable apartment here. Pearl Thomas, a Toledo manufacturer, and Kenneth Gumm, salesman were married in a little Michigan town late in the afternoon. With a party of friends, they came back to Toledo to celebrate.

During the celebration Evelyn Courthouse, who claimed to be "the first love" of the bridegroom, dashed in the room, whipped out a revolver and shot him thru the left lung.

"He's mine, Pearl Thomas," the girl shouted. Then she sent a bullet thru her own temple and then sank to the floor dying.

Gumm will live, physicians said. Mrs. Gumm, who explains the shooting as "a child of violent flapperism," until recently was herself an advocate of "the revolt of youth."

Esponsing the cause of short skirts, bobbed hair and other risqué features of extreme liberalism, she announced herself a candidate for the state senate in the Republican primaries.

"But Kenneth's courtship was too fast and furious. I forgot to file the papers," Mrs. Gumm said in explaining why her name will not appear on the ballot.

\$1,000 WILL BE PAID TO SEWER EXPERT BY CITY

Colonel George A. Johnson, New York, government sanitation head during the war, has been retained by the city to pass on various sewage disposal systems, C. A. Bingham, city manager, has announced.

For this work Johnson will receive \$1,000 and his decision will be accepted as final by both the state board of health and the city, Bingham said Thursday.

A conference will be held in New York Saturday at which Bingham, George E. Fulle, head of the Fuller & McClintock engineering firm, and Johnson will go over the direct oxidation plans with H. Jerome Hirst, Philadelphia.

FISH BARRIER WILL BE REMOVED FROM AUGLAIZE

Lima fishermen who journey often to the Auglaize river for enjoyment of the piscatorial art are assured that the barriers in the river which prevent the passage of fish beyond a dam at Defiance will be removed. Threats have been made recently to blow up this dam and another in the Maumee river.

Representatives of the Defiance Gas & Electric Co., and of the state fish and game department met in conference at Columbus Thursday and came to an agreement by which barriers are to be changed so that fish can have free passage up and down stream.

The Defiance company will construct fish ladders in the Auglaize river at the dam and the state department will perform a similar service at the Maumee river dam at Grand Rapids. The work is to begin at once.

SUES RAILROAD COMPANY FOR INJURY TO HORSE

Dispute over sale of a race horse owned by E. S. Yoakum and handled by H. D. Laycock, is being aired before a jury in common pleas court Thursday.

Yoakum alleges Laycock sold the animal for a large sum and that he never received the money. Shortly prior to the sale the animal was injured in shipping from one track to another. Laycock is suing the Pennsylvania Railroad Co. to recover damages.

GIVEN JUDGMENT

Judgment for \$203.80 was awarded the J. Frank Darling company against J. J. Haley, in common pleas court Thursday. The amount was due the plaintiffs on account from the defendant, as the court decided. The judgment included interest.

Mr. and Mrs. O. M. Nio, 118 W. Third-st., announce the birth of a daughter at City hospital, Thursday.

ROUTSON HELD TO GRAND JURY FOR ASSAULT; FIVE CASES BEFORE CITY COURT

Allen-co grand jury gets one of the five cases aired in criminal court Wednesday afternoon, one was dismissed, another continued, one defendant was found guilty and the fifth declared not guilty.

Case of Harold Routson, 23, of 914 E. High-st, accused in two affidavits of assault upon his wife and mother-in-law, Mrs. A. B. Brunswick, 977 W. Wayne-st, goes to the grand jury. Bond of \$100 was furnished.

An action against William Allen, colored, was dismissed when B. & O. officials failed to show up to prosecute a charge of stealing two tons of coal.

Trial of Mrs. Elizabeth McDonnell, charged with passing a street car in an auto while it was discharging passengers, was continued. Frank Holmes, was found guilty on a drunkenness charge. A fine of \$15 was remitted on condition that he leave the city.

Jeff Smadley, proprietor of a restaurant, was found not guilty of an assault upon his niece.

GIRL'S NUDE BODY IS FOUND

Mystery Surrounds Slaying
Along Lonely Country Road

BALTIMORE — (United Press) — Under the shelter of a grape vine by the side of a secluded road on the Rolling Rock golf course, even miles from here, the nude and bloody body of an unidentified young woman was found today by a caddy.

Frightened at what he had seen, the boy ran several hundred yards and notified attendants who immediately informed police at Catonsville.

Police arrived upon the scene and immediately began an investigation. The woman had black, bobbed hair, brown and even, white teeth. She appeared to be about 25 years of age and not a stitch of clothing covered her body.

A jagged cut in her throat that had severed her wind pipe and bullet holes thru her head and arm told the story. Her skull had been fractured and in the clump of bushes one of the probable instruments, a black jack, was found.

COUNTRYSIDE AROUSED Immediately the whole countryside was aroused in a search for the murderer.

The tracks of a motorcycle with side car, are believed to be significant. Several feet from the spot where the body was found, the bushes were broken and smeared with blood, while a stream of bloodstains were seen in the road in the direction which the car is believed to have come.

"GONE BUGHOUSE"

AROUND insane asylums there usually is a harmless lunatic who is mentally normal except that he has an obsession for dressing up in freakish clothes. The same individual would pass as sane at a masquerade, or even during epidemics of jazz styles.

Another interesting eccentric around insane asylums is the gentleman who has the thrift instinct so highly developed that he hoards bits of glass or bright quartz pebbles, under the delusion that they are immensely valuable. He has a lot in common with some of the people outside the asylum, who have the same eagerness to accumulate money, jewels or rare articles.

The insane people are not all locked up. Science now is training its guns on nervous and mental disorders. One authority says that the biggest problem in America today is curbing our unconfined madmen—all the way from fanatics to what Ed Howe, wise country editor, calls "public-affairs lunatics."

Dr. A. Warren Stearns, neurologist at Tufts Medical School, points out that one of the chief signs of a normal brain is the tendency to conform to the customs and habits of the majority.

Discussing eccentric individuals, he says this about "paranoid personalities":

"These individuals are peculiarly sensitive. Their ego is dominant and they are more for its promptings than for the commendation of the other members of their group. These individuals frequently head reform movements, but more often they live as a thorn in the flesh of their associates, quibbling over the social transgressions of their neighbors, and attempting numerous social measures, the main motive for which is an unconscious and blind struggle against the dictates of the larger herd or group of people. Among these will be found sympathizers with the enemy in time of war, certain conscientious objectors, and those who habitually form themselves into 'anti' societies. Carried to the extreme degree, these individuals are called 'paranoids'—those who are so far unbalanced as to have delusions of persecution and ideas of grandeur."

Dr. Stearns adds this word of caution, in considering "paranoid personalities"—that it is human instinct to regard anyone who disagrees with us as of morbid or inferior mind, "and it must be remembered that every once in a while one of these individuals is right and the world is wrong."

But, on the whole, this wouldn't be a bad time for the American people to take an inventory of some of the national "paranoid personalities" and figure out their degree of sanity or mental unbalance.

FLIES YOUR ENEMY

ARE flies bothering you this summer? Bacteriologists check up and announce that the house fly is a carrier of the germs of 180 different diseases. The diseases range from typhoid and tuberculosis to hook-worm and amoebic dysentery.

Flies are the advance agents of sickness and death. They have been reduced by repeated swatting campaigns. But they multiply quickly when swatting lags. Keep after them constantly, folks!

MYSTERY SOLVED

THE mysterious radio messages, which Marconi thought might be from Mars, have been traced to their source. They were sent out by Dr. Irving Langmuir, from the General Electric laboratories at Schenectady, N. Y. The wave length was 150,000 meters.

It is human nature to look for an explanation far off, instead of close at hand. We seldom see things "right under our nose."

The Martian radio flivver, however, does

MY, OH MY! AREN'T THEY THE CHEERFUL LITTLE FELLOWS!

not prove that people do not live on Mars. After talking to us awhile and getting a line on present conditions on earth, they'd probably "hang up the receiver" with a bang.

PIG IRON

TIMES steadily get better. You see this indicated in the old reliable barometer, pig iron production.

In June, 226 tons of pig iron were turned out by the furnaces for each 86 tons in July, 1921.

The gain is enormous. Best of all, it is not a sensational over-night recovery. Instead, it is the result of a steady climb that has been going on 11 months. Slow recovery is apt to be permanent. A sick man who gets on his feet too soon usually has a relapse and goes back to bed.

HEALTH TALKS

Common Sense Ways to Keep Well

HAY FEVER RELIEF

By DR. R. H. ZISHOFF
The hay fever days are almost here, the days which mean misery for many thousands thruout the United States.

Hay fever is caused by breathing into the delicate passages of the nose, the pollen, or fertilizing powder that grows on wild, useless weeds.

Rag-weed is the commonest cause of hay-fever. But other weeds, such as marsh elder, also cause hay-fever at this time of the year.

Hay fever is a periodic disease which generally occurs at a fixed date every year. In general it attacks only the nervous or "high-strung" type of person and is routed by the first frost. It travels under more than 20 different aliases, among which are rose cold, peach cold, pollen catarrh, summer catarrh, ragweed fever and nervous coryza.

The disease is an affection of the upper air-passages. Symptoms in the early stage resemble those of a cold, but there is more sneezing than in the case of a common cold. The nostrils become choked, due to swelling of the lining of the air passages. There is a slight fever at first and later a tendency to sub-normal temperature. Many cases are complicated by asthma.

To avoid hay fever, persons usually attacked by it should see that all tall grasses and weeds, especially rag-weeds, near their homes are kept cut. Sufferers should avoid unnecessary exposure to pollen. An hour's drive on a road near pollen-producing weeds may mean a night of suffering.

Vaccines are used to prevent and to cure the disease. If used to prevent, treatment should be begun several weeks before the attack is due. In either case treatment should be under the supervision of a competent physician.

POEMS YOU WILL ENJOY

BY BERTON BRALEY—GIVE ME ROOM

By BERTON BRALEY
I do not see much fun about
A car that's just a runabout;
Two seats is not
An awful lot
When you have friends to carry.

A touring car is trig enough,
And furthermore it's big enough
To take a bunch
And heaps of lunch,
And thus make riding merry.

A big car will take care of you
When there is just a pair of you.
And three, or four,
Or several more,
Can ride when you desire it.

If on a trip you hang along
And want to take a gang along
Your fun to share
The space is there
Whenever you require it.

And so to me, a touring car
Is much the most alluring car,
With room therein
To take your kin
And friends upon excursions.

To ride the folks you like about,
And pick up some who hike about
Yes, that's the thing
Makes motoring
Least selfish of diversions!
(Copyright, 1922.)

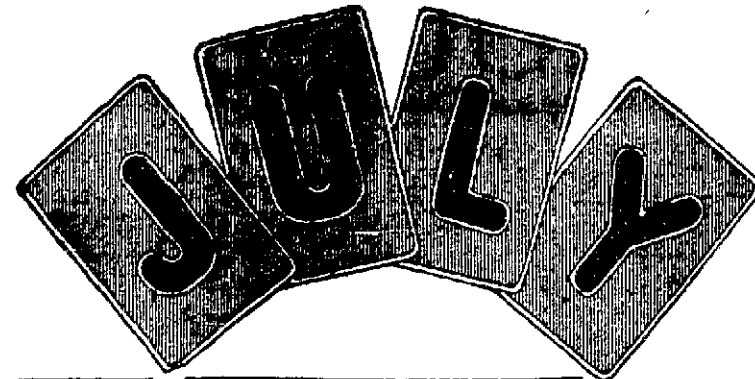

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, Pimples, Blackheads, Eczema, Blisters, Ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

Crawford's Bootery

'ROUND LIMA HOUR BY HOUR

—WITH APOLOGIES—

BY OH. OH. JACKENRIM
A Page from the Diary of an Antiquated Reporter: All the night thru dreaming I was under a shower bath. Awoke, to find the waters covering the lee side of the north twin. So below stairs, to cantaloupe. And again of no worth, making my batting average

ABE MARTIN

The new janitor of the courthouse used to be an editor of the "Lima News." He was a "Banty Kite," who's seen in the world in the regular army, he still lookin' at Fort Harrison.

200 in the Muskmelon league so far this week.

Abroad, and deeply saddened in the news from St. Rita's. In the passing of a dear friend, with whom only the last few days I had lunched, and laughed, and absorbed cheer. He one of the salt of this Earth, a prince in the commonwealth of Do Unto Others as ye would have them do unto you.

So, to the poste after ten days vacation. And there found a stamped in red note from Col. Gale, telling me to call for a package. Which I did not. And trust and do pray they will thrust the package to the old papers and rags man. This should save me much money. Albeit, slipping thru my cord of astuteness, came missive from Doc Argonne Hunter, forecasting a bal. some member of the family had purchased there. We must have enough bails about the house to furnish the maid's room, and bring her in from the garage. Where a man's footsteps have of late been appearing in the water-soaked fairway. Albeit, from me comes no reproach, as her hours between 9 p. m. and 5 a. m. are her own.

By and by to lunch, stopping for reminiscences with Louie Keppler, on when I was 21 days. And bado good morning to Col. Erastus Bellweather Lewis, of our own editorial rooms, now on vacation bent. He spent Monday at the gas office and Tuesday at the Sigma theatre. He having a gay time in his Mesozoic days, between talking politics, and laying odds of even be-

tween Capt. Cal Selfridge and William Klingler, the IL. These lads being the betting picks of the wisecracks. Col. Lewis knows all parties, having been eminent and of super import in republican, democratic, farmers alliance, Mayor Sam Jones and Bull Moose campaigns. And in later years joined the ASL and now wants Wheeler to run for president.

After lunch, worried along anent the city's troubles when the money runs out in November. And still think Mayor Brud is making a mistake in not naming Judge Emmet Jackson as Comptroller of the City Currency, with power to get what's needed, by fine means: resale of confiscated property; or plain hold up, but get what's needed. To pace Metcalf-st bridge and collect the garbage.

In the evening, drove to a society woman's house to leave a birthday remembrance. And very proper, her mother denied she was having a birthday. Having long since abandoned such macabre practices. Yet I left the match tray, knowing she would want it, and the cutest little lighter you ever did see.

For dividends, read long in Emerson's Compensation, so highly recommended by Til Williams, Bill Alexander and Judge Ray Young. And learned therein that this world is but a kindergarten, and we as utterly useless and insignificant as gold in Germany. And so to bed, pondering long whether Glenn Wallace had a new nat or was it the old one.

WHOM SHALL MOLLY MARRY?

Ben Wheeler Makes Two Proposals; One of Marriage

By ZOE BECKLEY

BEN WHEELER, rich manufacturer and admirer of MOLLY WATSON, makes her from an engagement with DONALD MANNING, actor, by producing a former love of Manning, whom Wheeler saves from "wicked" under the wheels of an express train. Meanwhile still another suitor, BILLY EASTON, architect, also is seeking Molly's hand.

At Ben's mention of the word "wife" Molly started up, fingers to temples.

"Oh, please, Ben, let's stop this mad talk of marrying. Don't be like Don Manning, for I—"

"No chance," Ben chuckled. "Manning plays-acts. I mean it."

Molly had an impulse to jump from the car. Not that Ben was repugnant to her—far from it—but because she could not stand the whirling madness of events any longer.

"I could say yes as easily as no," her tone was quivering on the verge of hysteria.

"And one would mean exactly as little as the other. Oh, Ben, I must have myself to myself a while to think things out. I'm dead, just dead."

Wheeler shook his head, looking straight at the road, his chin thrust out in obstinate fashion.

"A girl is never too stupid to know her mind about such a thing. You know whether you care for me or not. Why not say so?"

Molly's lips were drawn tight. Her tears blinded her. Swiftly she opened the door and drew forward, one foot on the step. Ben remained down the emergency brake and the big car stopped dead.

His face paled with fright as a strong man took in a crisis where more strength does not serve him.

"Forgive me, Molly," he whispered, drawing her gently into the car. "I shan't bother you any more tonight. You're right; you've had enough."

She sank back into the comforting seat, her hands pressed over her eyes. She asked for rapists. But she knew there would be none—that she must answer tomorrow the question life put to her today and the struggle between the dashing forces of her nature would be as ruthless as the fight between Don Manning and Ben Wheeler.

Beauty and charm pulled her one way; strength another. It must be Don or Ben; romance or stability. And she wanted both these things. Life without either would be empty.

LEARN A WORD A DAY

TODAY'S word is FAC-SIMILE.

It's pronounced fak-sim-ile, with accent on the second syllable. The o is pronounced like the first o in event. All other vowels are short.

It can be used as a noun, meaning "an exact likeness"; as a transitive verb, meaning "to copy precisely, or attributively," as facsimile documents.

It comes from the Latin fac, to make, and simile, like. It's used like this: "It was a facsimile of the Declaration of Independence."

Mrs. John M. Morgan, 438 S. Kenilworth-ave., entertained members of the Lenore guild with a winter roast at her home, Tuesday evening. Games and music were diversion of the evening and a buffet supper was served. Those enjoying the hospitality of Mrs. Morgan were the Misses Mildred Clark, Ruth Brodbeck, Ruth Roebuck, LaDonna Miller, Esther Brodbeck, Rowena Wood, Hazel Stewart, Dorothy Wokly, Frances Cochran, Louise Zurmehly, Grace Jolley, Elsie Deken, Marie Hildebrand, Ethel Neff, Vera Mort, Deliaanne Ward, Mrs. Adda Stacey and Mrs. Gast.

The guild will resume meetings after September 1. Miss Rowena Wood, 1432 Lakewood-ave., will be the next hostess.

The Misses Maria and Betty Tobin have returned from a visit of ten days with relatives in Cleveland.

SUSIE SMART'S ADVICE

Dear Susie Smart:

I am a young girl 17 years of age. Just recently I met a young man who was very nice and he asked me to go to shows and different places with him on several occasions. I have never accompanied him, however, because my father objects, altho my mother consents to my going out with him. Now, Miss Smart, what would you advise me to do in order to obtain my father's consent?

PURSUED. PROBABLY your father objects to your keeping company with any young man, and is not seriously against this particular lad. You are rather young to be thinking about going with boys, but if your mother doesn't object, it is probably alright. With mother as an ally, you have a pretty good chance of winning father over. Why not invite the boy to your home, with mother's permission, and let father become acquainted with him and thus see that he is a trustworthy young person, which I surmise he must be or mother would not favor him.

Dear Miss Smart: What is a good remedy for sunburn? I am a lover of sunbathing and water sports, but suffer untold misery from sunburn. Is there any way of preventing it?

SUNBURN. The common ailment of vacationists, can be avoided by using a bit of precaution, and in this particular case, an ounce of prevention is worth several pounds of cure.

Have your druggist mix equal parts of linseed oil and lime water. Apply this lotion before taking a dip, on the arms, shoulders and all exposed parts. This is a splendid preventative, and if applied after the skin is burned, will cool and heal it.

Dear Miss Smart: Some one you printed a recipe for angel food cake, which I used with great success. However I have lost the clipping. Will you kindly reprint? Thanking you, I am, LOUENWITZ.

Take the whites of 15 eggs, one and one-half cups of granulated sugar, 1 cup of flour, 1 tsp. cream of tartar and pinch of salt. Beat the whites until stiff. Sift the flour and sugar four times, separately, then stir into the whites of eggs. Add cream of tartar and salt to flour. Bake in a regular angel food pan. Do not grease.

Smoked jowl bacon, lb. 15c, at Bushler's, 136 E. High.

Good cherries at Dorsey's.

ADIES' DAY AT SHAWNEE CLUB WELL ENJOYED

SHAWNEE Country club was the assembly place for large numbers of women Thursday, the occasion of the weekly ladies' day, which has become a feature there.

The cool weather made the gathering more delightful and the golf is well occupied. Luncheon was enjoyed at the delightful club and in the afternoon the women assembled for bridge. The Misses and Lillian Taylor were hostesses at the bridge games.

Many of the women found delight on the broad verandas, swept as they are by the refreshing breeze. Mrs. Harley Holmes is in charge of arrangements.

Play at the club Thursday and the social arrangements following are among the most delightful enjoyed during the summer, occasioning large number who assembled there.

Announcement of the marriage of Martha Beegel and Carl Paul, Ada, on Wednesday, created some surprise among their wide circle of friends. The ceremony took place Wednesday at 4 p. m. at home of the officiating clergy, the Rev. T. W. Hoernemann, of First Reformed church. Miss Beegel, who has been residing at 737 Linden-st., has been for past six years in charge of the meat department of the Boston store, a caterer for his father, and a dealer in cattle and wool, and Mrs. Ada are now enjoying vacation trip to the east. They received their friends in St. Louis, after September 1.

A company of friends gathered at home of Mrs. R. D. Hubbard, 111 S. Elizabeth-st., Tuesday, and the occasion being celebration of her birthday anniversary, there was enjoyed, in which Mrs. Hubbard secured first honor. WILSON Morning and Mrs. Oak Chew were awarded the competition trophies. Mrs. Hubbard was remembered with a beautiful gift. Refreshments were served in the company were Alice Crab, Mr. and Mrs. Wilbur Herring, Mr. and Mrs. Samuel, Mr. and Mrs. R. D. Hayes, Mrs. Walter, Mr. and Mrs. J. H. W. Mr. and Mrs. E. G. Atkinson, and Mrs. Elva Durbin and Mr. Frank Chew.

Miss Margaret Williams, 1584 Lakewood-ave., has joined a party of soda and with them is spending short time at Edgewater Beach, Chicago.

Mr. and Mrs. H. W. Chew, 239 S. West, are entertaining Mrs. C. A. and daughter, Lafayette, Ind.

Mrs. Margaret Whaley, Indianapolis, will arrive Friday to be a guest of her aunt, Mrs. O. B. Selge, 650 W. Market-st.

Mrs. Elizabeth Brice Wilson, 739 Elmer, is entertaining at her home. Mrs. Greene, who is here on her home in Iowa.

Mrs. John W. Fisher, 650 S. Elizabeth-st., has as her guest, her mother, Mrs. George Kolb, of Delphi. Mrs. Kolb will make an extended visit with the Fisher family here.

Mr. and Mrs. Roy Brower, N. Cole-st., are on a motor trip of two weeks, which will take them to Washington Court House and Maple Grove Springs.

Miss Miriam Ackerman, 121 N. Kenilworth-ave., is enjoying a pleasant visit with her uncle and aunt, Mr. and Mrs. William Contrie, West Minister.

Miss Mary Stark, Ashton-ave., entertained at a pretty social arrangement, Wednesday evening, in honor of the birthday anniversary of Miss Dorothy Paulin. Music, dancing and games made the evening pass merrily. A delicious supper was served, the hostess being assisted by Mrs. Louis Wester.

Guests to enjoy Miss Stark's hospitality were the Misses Pauline Mary Thompson, Alma Stark, Agnes Edmonson, Lydia Baker, Cynthia Stark, Messrs. Arthur Conway, Henry Hopkins, Charles Long, Clarence Shaw, Louis Black, Fred Peabo, Lawrence Coffman, Paul Hopkins, of Greenwick, and Mr. and Mrs. Louis Wester.

Mr. and Mrs. Dora Armstrong, 1025 Lakewood-ave., and their guests, Mrs. Sidney Saunders and daughter, Elvora Jane, Chicago, and Miss Jean Levine, Cleveland, are spending the week at a delightful summer home at Orchard Island.

Mrs. E. C. Connel and son, Grand Rapids, Mich., and Miss Maria Joana Harris, Bellefontaine, are guests of Mr. and Mrs. L. H. Rogers, Home-acres.

Mr. and Mrs. R. E. Blake, 120 N. McDonald-st., are enjoying a stay at the Hotel "The Cedars," Cedar Point-on-Lake Erie.

Mrs. J. H. Allgire, 339 Elmwood-pl., is entertaining her mother, Mrs. Nicholson, of Fiqua.

Miss Jessie P. Miller, marriage clerk in the Allen-co probate court, is enjoying a visit at summer places in northern Michigan.

Mrs. William Dixon, Columbus, field secretary of the Ohio Parent-Teachers association, has arrived for a visit with Mrs. S. M. Williams, 1534 Lakewood-ave.

Mrs. John W. Fisher, 650 S. Elizabeth-st., has as her guest, her mother, Mrs. George Kolb, of Delphi. Mrs. Kolb will make an extended visit with the Fisher family here.

Mr. and Mrs. Roy Brower, N. Cole-st., are on a motor trip of two weeks, which will take them to Washington Court House and Maple Grove Springs.

OKLAHOMA BOYS, TOURING COUNTRY ON MOTORCYCLE, STOP HERE FOR A VISIT

C. Loree Russell, of the Drum-right, Oklahoma, Evening Derrick, and Earl Pacher, also of Drumright, are finding an outing with a motorcycle and side car as means of traveling a very enjoyable method of "seeing America First."

They arrived in Lima Thursday and are guests for a few days at the home of John Mills, Hughes-av., a relative of Russell, who formerly resided in Lima and was a newspaper carrier for the Times-Democrat many years ago.

The pair made a trip overland from Drumright to Niagara Falls and expected to invade Canada, but were not permitted to take their motorcycle across the border. They are headed for Los Angeles, California via Yellowstone Park and will return to Oklahoma thru the southwest.

They carry a complete camp equipment, sleep in the open and provide their own meals.

"It's an inexpensive way to travel," Russell said Thursday. "About as cheap as staying at home."

CAST FORMED FOR JUNIOR CHAUTAUQUA PAGEANT TO BE PRESENTED JULY 21

Parts were being assigned Thursday for the "Pageant of Peace," which will be staged by members of the Junior Chautauqua the afternoon of July 21 under the direction of Miss Ann McElhinney, junior superintendent.

More than 125 children were present at the first session Thursday morning and played games, under competent direction, while Miss McElhinney associated leaders for the various portions of the pageant.

She expressed herself as being very well pleased with the material with which she will work. Lima has the most widespread group of children met so far this year, she said.

In the afternoon program of the chautauqua the Apollo Concert company furnished a full musical entertainment. A symphony quartet, Arthur Wells with his band and the gigantic xylophone were the most popular features.

J. Franklin Bahb, "The New Hampshire Parson," will be the main attraction for the evening program. He is well known as a vocalist of run down churches and will speak on the "100 Potent Man."

Friday's program will include Sam Lewis, baritone and his concert party and Ada Ward, an English woman, with her address, "You Americans."

WOMAN IN RELEASED Thorosia Maris, 35, Italian, 1201 S. McCut-st., was released from custody after a warning in criminal court when she admitted having stolen a shovel valued at \$2 from the L. S. & W. railroad. She was arrested Wednesday afternoon.

FIVE FOR THIRTEENS Freeman Jennings was fined \$1 and costs by Justice of the Peace G. L. Shippit, in hall-st., on a charge of larceny, preferred by J. B. Sandy, president of the township school board. Jennings was 20 years old.

FUNERAL OF GOMER WOMAN WILL TAKE PLACE FRIDAY

Funeral services for Mrs. Sarah Thomas, widow of Joseph Thomas, will be held Friday at 1:30 p. m. at the Presbyterian church, Gomer. Rev. M. S. Pettit, pastor, will officiate. Interment at Gomer.

Mrs. Thomas is survived by two children, Mrs. Ollie Davis, Lima, and K. J. Thomas, Gomer, at whose home she died. Death was due to cerebral paralysis. Her husband died 15 years ago.

NO HIDDEN FOR AUTO. No bladders were present Thursday when a Studebaker three-passenger touring car, formerly belonging to Guy Kilen, lawyer, who disappeared soon after arrest for drunkenness three months ago, was offered at police headquarters to satisfy attachment proceedings by George Lucka.

WORKS FOR CHILD MUST KEEP WELL

Mother in a Like Situation Should Read This Letter from Mrs. Emico

Chicago, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for a nervous trouble. I had tried everything else and all sold the same—no exception. At last I found the power of Lydia E. Pinkham's Compound. I am a power, confident, and have a little girl to support. I work in a tailor shop and that is my only support. I am very much this year and I am heart of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's Compound, so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and I believe it is a medicine for women's ailments and the relief it brought Mrs. Emico. It may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.'

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Emico. It may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

LEAGUE OF WOMEN VOTERS INVITES CANDIDATES TO ATTEND MEETING, JULY 18

Candidates to be voted for at the primaries will have an opportunity to make themselves known to the League of Women Voters.

Mrs. Lella K. Bell, president of the League, announced Thursday that she has sent letters to all candi-

dates to be voted on at the primaries asking them to be present at a meeting of the women.

Mrs. Bell, in her message, declared to the candidates that women have no opportunity to know the men who are up for nomination and she asks that they attend the meeting and address the voters.

The assembly will be held Tuesday, July 18, at 8 p. m. at the public

FOKKER'S INVENTIONS—A. H. G. Fokker, who invented the airplanes used by Germany in the war, is demonstrating his new seaplane (below) to naval officials at Washington. Above he is operating his movie camera which requires no tripod.

McQUAY-NORRIS PISTON RINGS Give Your Car More Power

Worn or leaky piston rings waste motor power and fuel. Gas that leaks past them is absolutely thrown away. It pays to replace them with McQuay-Norris Piston Rings—pays in more power, lower fuel bills, and less carbon trouble. Regardless of where you plan to have your car

repaired, you can secure a quicker job by ordering McQuay-Norris Piston Rings, because we can supply the proper sizes and over-sizes. Made for every purpose and price, McQuay-Norris Rings will pay for themselves in more motor power and lower fuel bills.

We Carry a Complete Service Stock

LIMA RUBBER AND AUTO SUPPLY CO.

210 SOUTH MAIN STREET

\$125 *Leak-Proof*—an exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have *Superoil*. Each ring packed in a parchment container.

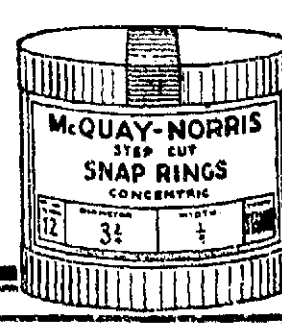

\$100 *Superoil*—Keeps lubricating oil out of combustion chamber. Collects excess oil on each down stroke of piston and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

30c *Jiffy-Grip*—a one-piece ring. Non-butt joint, which fits tighter than ordinary step cut—velvet finish—quick setting. "Seats in a jiffy." To keep them clean and free from rust, each ring is packed in an individual glassine envelope.

Snap Rings—of the highest grade. Raised above the average by McQuay-Norris manufacturing methods. Their use insures all the satisfaction possible for you to get from a plain snap ring. They are packed twelve rings to the carton and rolled in waxed paper.

BOB MARTIN TOUTED FOR FIGHT HERE JULY 31

GYM CLUB DATE SET

BOB MARTIN, A. E. F. heavyweight, looms as one of the headliners of a card to be staged July 31 by the Moose Lodge, for which Earl Smith is doing the promoting.

Splitting of two fight dates between the Lima Gym club and the Moose Lodge has been tentatively decided upon, according to Frank Callahan, secretary of the Lima Boxing commission, the club to get the Labor Day card and the Moose the one on the last day of this month.

The commission has been informed of Smith's intentions to try Martin for the heavyweight bout with some capable opponent, and the promoter has himself announced his move in that direction.

OPPOSITION UNNAMED. No opponent has been mentioned and conjecture is rife in local circles whether Captain Bob Roper, another A. E. F. slugger, Bill Brennan, Billy Miske or some other big fighter could be secured.

A heavyweight scrap is somewhat an innovation here. Very few have been staged, but for a change from the long series of cards for the small fellows a program featuring the two big boys should go good.

Fandom is excited over the prospect and eagerly awaiting action by Smith. That he will switch his efforts to a main go between his featherweight flash, Jake Gross, and Willie Ames, Akron boy, who holds a win over Gross, is more than probable. It is understood, however, that the Lima Gym club is setting its cap for the Gross-Ames battle.

Rival contentions of Jimmy Dunn of Cleveland and Walter Jerry of this city for Al Corbett and Don Baxter, respectively, for the Ohio bantamweight championship, provides a bout that may be snapped up for one of the cards.

SKOKIE COURSE IS IMPROVED TODAY

SKOKIE COUNTRY CLUB, CHICAGO — A warm sun rapidly dried up the Skokie golf course today for the third qualifying flight in the national tournament.

A heavy mist, which hung over the valleys at sunrise, disappeared when the first pair teed off.

Weather forecasts were cool and clear during the remainder of the tournament.

Casual water still stood in a few low places, following the heavy rains which caused postponement of the flight yesterday.

BROWNS IN TOP PLACE; ROOKIE WHIFFS RUTH THREE TIMES

NEW YORK — Knocking Waite Hoyt out of the box, the St. Louis Browns evened the "crucial series" with the Yanks by taking the second game 7-4, and today led a lead of a game and a half over their rivals.

Hub Pruett, sensational young southpaw, struck out Babe Ruth three times, once with the bases full, and Ken Williams hammered out his twenty-first homer.

The Giants increased their lead to four and a half games as a result of driving Alexander to cover and downing the Cubs for the second time, 5-1, while Philadelphia upset St. Louis in both ends of a double header, checking the Cardinals' winning streak of eight straight.

Rogers Hornsby rapped out his twenty-third homer of the season.

Ty Cobb's five hits and Harry Heilmann's fourteenth homer helped the Tigers trounce the Athletics 7-3, while Cleveland hit Karr and Penneck for 20 hits, all of them singles, and won from Boston, 11-7.

The Brooklyn Dodgers sustained their seventh straight setback in the west, losing to Cincinnati, 4-1.

Yellowhorses outpitched Frank Miller but the Pirates could not hit in the pinches and Boston won 4-3.

Faber let Washington down with four hits and Chicago was victorious 4-1. Most collecting a single, double and triple and scoring three runs.

Ellerbe, off with the pitch, had rounded third when he got the impression that the ball had been caught because of the cheering on the part of the crowd.

Taking it for granted that the side had been retired, after he rounded third he started for his position in the infield. He was playing short is that particular game. It so happened that Ellerbe, on his way back to short, was passed by

then with Washington, now with the St. Louis Browns, pulled the bit of ivory on the bases, which had Gharrrity as the victim.

Two were out and Ellerbe on first with Gharrrity up. The Washington catcher, who hits them hard, got one to his liking, and sent it sailing into the left field bleachers.

As is customary when some player hits a mighty wallop good for a home run, the crowd let out a cheer when Gharrrity's drive soared into the bleachers.

Bancroft, Frisch and Nehf of Giants Are Strong Entries

DAVE BANCROFT. THE New York Giants won the National League pennant and the world championship in 1921.

No player stood out more prominently in the great showing made by the Giants last year than Dave Bancroft, shortstop extraordinary.

The diminutive Bancroft is unquestionably one of the most valuable players in the majors. He is the key to McGraw's great infield.

The best thing about Bancroft is, he can think. He uses his brain. He is more than a great mechanical player. A player like Banny at short means everything to a ball club.

DON BOWSHER WINS BOUT

Don Bowsher, local middleweight, staged a ring comeback at Toledo Wednesday night by winning a newspaper shade over Sam Danis, the chunky sparring partner of Bryan Downey, Cleveland.

Bowsher had the best of the fighting throughout the ten two-minute rounds despite the fact that Danis led most of the distance. Some vicious mauling took place, according to advice from the ring, and Danis took some severe punishment.

It was Bowsher's first fight in more than six weeks. He lost to Marty Reese of Middletown, at Piqua, and took a layoff to recover his form.

Bowsher is far from thru, as many critics said. The old kick in his mitts is still there and it is predicted he will be heard from in the future.

Ellerbe, off with the pitch, had rounded third when he got the impression that the ball had been caught because of the cheering on the part of the crowd.

Taking it for granted that the side had been retired, after he rounded third he started for his position in the infield. He was playing short is that particular game. It so happened that Ellerbe, on his way back to short, was passed by

MOST VALUABLE PLAYERS

Bancroft, Frisch and Nehf of Giants Are Strong Entries

DAVE BANCROFT. THE New York Giants won the National League pennant and the world championship in 1921.

No player stood out more prominently in the great showing made by the Giants last year than Dave Bancroft, shortstop extraordinary.

The diminutive Bancroft is unquestionably one of the most valuable players in the majors. He is the key to McGraw's great infield.

The best thing about Bancroft is, he can think. He uses his brain. He is more than a great mechanical player. A player like Banny at short means everything to a ball club.

Clouts Homer, Is Out for Passing Man on Paths

CAN you imagine a batter hitting a terrific drive into the stands for a home run and then being called out for passing a preceding runner on the base lines?

No! Well, that actually happened several years ago in a game between Chicago and Washington at Chicago.

Catcher, Eddie Gharrrity of the Washington club was the player who hit the ball. Frank Ellerbe,

Ellerbe, off with the pitch, had rounded third when he got the impression that the ball had been caught because of the cheering on the part of the crowd.

Taking it for granted that the side had been retired, after he rounded third he started for his position in the infield. He was playing short is that particular game. It so happened that Ellerbe, on his way back to short, was passed by

then with Washington, now with the St. Louis Browns, pulled the bit of ivory on the bases, which had Gharrrity as the victim.

Two were out and Ellerbe on first with Gharrrity up. The Washington catcher, who hits them hard, got one to his liking, and sent it sailing into the left field bleachers.

As is customary when some player hits a mighty wallop good for a home run, the crowd let out a cheer when Gharrrity's drive soared into the bleachers.

LUQUE IS JINXED

A DOLPH LUQUE, Cincinnati's Cuban pitcher, is leading all the hurlers of both major leagues—in defeats.

But Luque also is pretty near the leading hard-luck pitcher of the big show.

He's pitching for a club that is batting mightily well this year and scoring a lot of runs.

But the Reds seldom make runs for Luque.

So far (including games of Friday, July 7 Luque has lost 14 games and 12 of the 16 games in which he has started were contests in which the Reds made two or fewer runs for him.

All told, Luque has pitched 144 innings for the Reds this year and yielded 63 runs, an average of not quite four runs a nine-inning game. He has pitched eight games in which he held the other team to three or fewer runs a game, but of these he has only won one.

At the time those figures were compiled only one National League pitcher—Reuther of Brooklyn—had pitched more ball than Luque, and Reuther had worked just one more inning.

But Luque is not the only place in which the Reds have failed Luque. He has been taken from the box a few times this year and the game gone into the records as a knockout against him when he would have stuck it out and probably have won had his mates batted the ball behind him or missed catches that went for hits.

Luque's pitching record for the season is interesting. What has happened in each of the Cuban's 18 starts is here given:

- April 13—Knocked out in eighth inning by Chicago. Reds made only one run.
- April 17—Beaten by Pittsburgh, 1 to 0.
- April 22—Beaten by Chicago, 3 to 1.
- April 27—Knocked out by Pittsburgh in eighth, but given credit for an 8 to 5 victory.
- May 1—Knocked out by Pittsburgh in seventh and beaten, 7 to 6.
- May 6—Beaten by St. Louis, 3 to 2.
- May 10—Knocked out and beaten by Boston. Left game in seventh inning with score 3 to 2 in Boston's favor.
- May 14—Beaten by Brooklyn, 6 to 5.
- May 20—Won from Philadelphia, 2 to 1, in 12 innings.
- May 21—Beaten by New York, 2 to 1, in 10 innings.
- May 28—Knocked out by Chicago in fourth and beaten before Reds had scored a run.
- June 1—Won from Chicago, 6 to 1.
- June 7—Defeated Brooklyn, 5 to 2.
- June 11—Defeated by St. Louis, 2 to 1.
- June 18—Knocked out in seventh.

Graney Was Major League Veteran

CLEVELAND — The unconditional release of Jack Graney, Cleveland Indians outfielder, marks the passing out of the American League of one of its veteran players as far as service is concerned as well as the dean of the Cleveland club.

Graney's release was given him by the club

MAY STRIKE

"FLAPPER LOVE" IS BLAMED

Funeral services for T. Reed Dunlap, Lima financier, who died Wednesday from injuries suffered in an automobile accident Saturday, will be held Monday at 2 p. m. at the residence, 407 S. Cole-st. The body will be laid to final rest Wednesday.

From Hardin-co, where Dunlap was engaged in business before removal to Lima, from hosts friends all over the city and from many points over the state, country, came hundreds of floral offerings Thursday, attesting the esteem in which the deceased was held.

The body rests at the William Davis mortuary, W. Market-st. It will not be removed to the home until Saturday.

It is understood Dunlap left his home at 10:30 p. m. Saturday night, but that he carried accident insurance for a total of \$40,000 life insurance of \$60,000.

Death occurred at St. Rita's hospital, where he has been since accident. A sister, Mrs. Holmes, is enroute to Lima from San Bernardino, Calif., for services.

MAINTENANCE OF WAY THREAT

More Violence Reported in National Railroad Walkout

U. S. TROOPS MAY BE USED

President Determined Ultimatum Must be Obeyed

CHICAGO — (United Press) — Renewed threats of a strike of 400,000 maintenance of way employees arose today as an obstacle to a quick settlement of the railroad labor troubles.

President E. F. Grable, head of the maintenance of way union, after a midnight conference with Bert M. Jewell, president of the striking shopmen's organization, announced he would do everything he possibly could to prevent a walkout.

He admitted, however, that there had been many unauthorized strikes by his men, but said he had been doing everything within his power to induce members of his organization to abide by his promise he gave the United States rail labor board that there would be no strike.

A majority of the general chairman of the maintenance of way union have denied that a meeting he called to go ahead with plans for the strike, according to information reaching Grable.

MORE VIOLENCE REPORTED

CHICAGO — (Associated Press) — Strike threats by maintenance of way employees, broke out again today, bringing the rail strike to a new crisis as it neared the end of its second week.

Fresh outbreaks of violence, notably in Texas, Oklahoma and Missouri; President Harding's determined steps to keep the mails moving and informal negotiations for a settlement of the shopmen's strike on 17 roads in the northwest were among other important developments of the last 24 hours.

Pressure by many of his general chairman upon E. F. Grable, president of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, pushed the common labor problem to the front again.

MAY DISREGARD REFUSAL

Mr. Grable arrived in Chicago while threats to disregard the settlement of the strike were being made.

FEDERAL TROOPS MAY BE BROUGHT TO OHIO FIELD

Governor Davis Scored for Refusal to Provide Protection

MORE KILLINGS ARE FEARED

Mine Operators Want Guard at Their Plant

CINCINNATI — (United Press) — First definite steps to bring United States troops into Ohio coal fields were taken here today.

Attorney Lowry F. Sater of the Consolidated Coal and Coke Company, operating mines in Perry-co near New Straitsville, was to appear before Federal Judge John W. Peck, with a plea that the federal government send troops to protect company property.

While no announcement has been forthcoming officially, the union men were definite today in asserting that the responses they had received today were unsatisfactory.

PROTESTS SUBMITTED

The bituminous operators, however, have presented protests to the president's arbitration panel, based largely upon the continuation of wage scale of 1920-22 during the period arbitration is in progress. There were indications today that one group of Pennsylvania operators would fully refuse to accept the proposition, and general indication that other bituminous operators would attempt to insist upon modifications. Anthracite employees have accepted the president's proposals practically without condition, pointing out that their market position is very different from that of bituminous operators and that they are without intermittency in operation and without great diversification and distribution of mines.

NO CASH DOWN PAYMENT

Means that for a limited period you can purchase a high grade used car without the usual cash-down payment. That you can own a car and pay for it as you ride, on convenient monthly payments. What would unlimited transportation mean to you in your business and in your home? What would ownership of a reliable car mean to your wife and family during the summer season? Are Summer Sundays and Holidays merely days upon which you do not go to work or are they days of recreation, outing and change of scene? Our plan, available only during the period of this unusual sale, makes possible the ownership of something yourself and family have often longed for—an automobile. Prices have never been lower. Terms were never easier. Today is your opportunity.

\$150 to \$1500

STOCK AND GRAIN GOSSIP

Western Union Telegraph company net operating income for May was \$1,763,619.

It is indicated that price changes of importance in the market will be dominated for the time at least by developments in the railroad and coal situation.

Kennecott Copper looms as one of the most promising copper possessing chances of appreciation in quoted market prices. It owns a number of the lowest cost producers in the world. It has been acquiring the additional amounts of Mother Lode coalition stocks.

Bank of England rates reduced from three and a half to three per cent.

Hague conference on Russian affairs is a failure and the parity was lost to end day.

Consolidated income statement of Mexican Seaboard Oil and International Petroleum for five months ended May 31 shows a net profit for depletion reserve of \$2,480,610.

Twenty Industrials, 94.88 up, 71. Twenty rails 86.95; up .50.

Plans for consolidation of Standard Oil of Indiana and Gulf Oil are still being worked out, notwithstanding denials from official sources.

Wall-st learned that the Western Union is to make public in two or three days a quarterly statement which will show a tremendous improvement in earnings and as a result there was considerable buying of that stock.

Stock market is expected to continue exhibiting the same tactics as those of Wednesday and it is believed to be foreshadowing an end of the strike situation.

Hog receipts were 35,600; market ten to 15 lower on better grades.

SUGAR MARKET

Raw sugar market was early today and while no fresh news was reported there were a few centrifugal prices of 4.9 for C and 4.8 for B, the spot with July contract at 25 cent and freight equal to cost.

Refined sugar market was not lower.

There were no changes in refined sugar at 6.0. Refined future nominal.

John L. Calkins, candidate for
return to congress, finds it good skill
work to address a white-haired woman
as "mother."

He made a slip in the dusk and
lost a vote. The woman voter he
thought white-haired was a chemical
blond. He says, "I got a hard
look when I called her 'mother.'"

A. J. Sherrick went out riding
with a friend. The car stopped.
After trying to start it a dozen
times, he decided to investigate.

The car was out of gas. So he
walked half a mile to a gasoline
station.

He filled the tank. Then he dis-
covered that in previously trying to
start it he had worn down the bat-
tery.

Search for the crank revealed the
fact that he had left it at home. So
he walked to the service station
again to borrow one.

"I never knew there was so much
exercise in running an auto," says
Sherrick.

RADIO REFLECTOR USES LITTLE ENERGY

TO COVER GREAT DISTANCES

By PAUL F. GODLEY
America's Foremost Radio Authority

There is little doubt that very
small amounts of radio energy be-
fore long will enable the negotia-
tion of great distances.

Radio engineers are now working
on the application of the radio re-
flector principle particularly for
those stations which communicate
over great distances.

Of the energy now transmitted
from the antenna of a station only
an infinitesimally small part does
useful work at the receiver. The
total energy use is spread over a
vast circular area.

If it were possible to direct all the
energy employed toward one definite
point, a great reduction in the power
required to reach a certain dis-
tance would be possible immedi-
ately.

Transatlantic stations employ on
the average about 250 horsepower
of energy.

Marconi's reflector device is one
